

ISTE Students Chapter

Computer Hardware and Maintenance - Workshop

Description	:	<p>This Event was started at 10 P.M. Event is organized in order to introduce basics of computer to 1st year computer branch students.</p> <p>Basic components of computer are discussed by Kirti sir like their types, price and also explained about processor, Motherboard, BIOS routine, types of RAM, Operating System and how O.S works in computer. In addition students were also given detailed information about laptop and desktop and which is best out of them. Information regarding how GPU works and usage of GPU is given in detail, architecture of motherboard and also explained between processor and cabinet and some components are also shown to students.</p> <p>With basics components students were also introduced about various international certificate exam in detail which will be very beneficial to students for their carrier in computer science.</p>		
Technical/Non-Technical Event	:	Technical		
Subject	:	Computer hardware and maintenance workshop		
How it will be useful to student	:	This event is useful to students to know about basics of computer component with their usage, application and importance. Also they came to know about some international certificate exam so they can have built better resume in future.		
What skill will be developed/evaluated	:	Students will have better knowledge about components of computer like as processor, GPU, O.S., RAM, BIOS routine.		
Branch	:	Computer engineering		
Year	:	1 st year		
Date	:	23/02/2019		
Time	:	10:00 am to 01:00 pm		
Venue	:	F-block, lab-409, BVM campus		
Entries	:	24		
Level	:	College/Local		
Faculty Convener	:	Prof. Hiren Patel,		
Student Coordinator	:	Hemal Parmar Paras vasoya Kishan bhinde Twisha Bhanvadiya		
Expert	:	<i>Sr. No.</i>	<i>Name</i>	<i>Department- College/Industry</i>
		1.	Kirti Sharma Sir	Computer BVM
