

## ENVIRONMENTAL POLICY

Birla Vishvakarma Mahavidyalaya Engineering College, an educational institution spread in 18.96 acres, is located at Vallabh Vidyanagar, Anand District, Gujarat, India. Vallabh Vidyanagar is known as education hub and has more than 80 species of trees planted on roadside. It has perhaps highest density of trees in the state of Gujarat which makes the surroundings of the town pleasant to live.

BVM nurture an environment friendly system by promoting awareness among various stakeholders. In order to ensure clean and pleasant campus, institute has created an environmental policy which includes:

- Create awareness amongst the stakeholders.
- Campus free of tobacco, pan-masala, etc.
- Use of Solar Energy.
- Water preservation.
- Paperless communication.
- Clean campus.
- Nurturing of the Flora and Fauna of the campus.
- Conduct Green Audit.
