Guidelines for Oral Presentations for ICRISET-2017

Following points must be considered for the oral presentation for conference.

- The time allocated for a presentation is 10 minutes, with a further 3 minutes allowed for discussion/Q &A, total to 13 minutes.

- Length of presentation (number of slides) should be in accordance with the allocated time mentioned above.

- Presenters are requested to come 30 minutes before their scheduled time and submit their power point presentation to the session coordinator.
- In the presentation slides, avoid using small that will be unreadable from the back of the room, and break up a complex slide fonts into a series of slides.

- All paper presenters must check in at the session room during session break and before the start of their session and check their presentation on available PC/Laptop.

- As a back-up, please bring at least 2 soft copies of your presentation on Pen drive.

- LCD Projector, Windows-based PC with Windows XP/Window 7/Window 8, Adobe Acrobat, Media Player, and MS PowerPoint and Screen will be available.

- Please keep your presentation limited to the allocated time slot. This time slot also includes changeover to the next speaker.
